

Physical Development

Please can you remember to bring a labelled P.E kit

- Class 6 and 7 will **both** have PE on **Wednesdays**.
- In PE children will learn Gymnastics that will involve balancing, movement and strength building skills.

Personal, Social and Emotional Development

We will...

- Continue to talk about children's rights and responsibilities.
- Discuss our emotions and to have empathy for other people's emotions.
- Think about how someone else may be feeling.

We will continue to use 'Class Dojos'.

A Super Citizen will be chosen each week.

We will be working with UNICEF's children's rights and responsibilities charter.

Learning about, and from Religion

We will be learning...

- Leaders and teachers within different religions and how they have had an impact on their followers

Expressive Arts and Design

We will...

- Create Art in the style of Emily Gravet
- Use watercolours to create sunsets and black silhouettes for a castle

English

- Read and reinvent stories and role play
- Study fiction, non-fiction and poetry
- Broaden our vocabulary
- Describe using adjectives, verbs and adverbs
- Children will plan, draft and edit their own writing
- Continue to join letters using diagonal and horizontal strokes
- Guided group and individual reading
- Whole class phase 5 and 6 phonics and Year 2 spelling rules

Bring your **book bag every day**.

Please read with your child and sign their mission log - they will receive a prize and so will the class, if we read every day.

Year 2

Class 6 and 7 Mrs Dhillon and Miss Loseby
Our Spring term 1 topic will be...
Dragons and Dungeons

Science and History

We will be exploring;

- Grouping materials based on their properties
- How the shape of solids can be changed
- History of castles
- Features of a castle
- Roles of people in medieval times

Maths

- Division
- Multiplication
- Measuring m, cm, kg, and g
- Reading scales
- Mental Maths
- Counting on in 2s, 5s and 10s.
- 2, 5 and 10 timetables
- Estimating and Reading temperature
- Reading picture graphs
-

It would be useful if you could practise a few key skills with your child, such as:

- Counting in 2's and 10's
- Telling the time to o'clock, quarter past, half past and quarter to.

Information communication technology and Computing

We will be learning to...

Homework books-learning together at home
