Dreams and possibilities are endless

Health & Safety Policy

This Health and Safety Policy outlines the commitment of DSAT to ensure positive management of health, safety and welfare risks that may be faced by staff, pupils, visitors and all others on Trust premises. The Policy explains how roles, responsibilities and accountabilities are delegated.

This policy was approved as follows:

| | | | |
|-------------------------|------------------------|--------------------------|----------------------|
| Approver: | Trust Board | Date: | 28 June 2018 |
| Adopted: | Advisory Board | Date: | [Insert date] |
| DSAT owner: | Director of Operations | Version: | 2.0 |
| JCG review date: | 5 July 2018 | Review frequency: | 3 years |
| Status: | Mandatory | Next review date: | June 2021 |

This policy applies to all DSAT schools. The Headteacher is responsible for ensuring that all school specific information is completed.

Document History

| Version | Version Date | Author | Summary of Changes |
|-------------|--------------|----------------------------------------|--------------------------------------------------------------------------------------------------------------|
| V1.1 | 3 May 2018 | Louise Barber - Director of Operations | New policy prepared with the assistance of Leicestershire Traded Services, Health Safety and Wellbeing team. |
| V1.2 | 5 June 2018 | Paul Stone - CEO | Added cluster board to responsibility area. |
| V1.3 | 19 June 2018 | Helen Stockill – Head of Governance | Governance arrangements updated |
| V2.0 | 28 June 2018 | Helen Stockill – Head of Governance | Approved by the Board |

1.0 Statement of Intent

- 1.1 As a responsible employer, Discovery Schools Academies Trust, further referred to as the Trust will honour their legal obligations, in particular the requirements of the Health and Safety at Work Act 1974 and associated regulations and codes of practice.
- 1.2 The Trust recognises and accepts its responsibilities and duties as the employer to conduct its operations in a manner which protects the health, safety and welfare of employees, students and visitors so far as is reasonably practicable and oversees the management of Health and Safety at the local level – i.e. schools and partners of the trust.
- 1.3 In compliance with the Management of Health and Safety at Work Regulations, risk assessments will be undertaken and arrangements made. Where significant risks are identified, the necessary preventative and protective measures will be put into place so far as is reasonably practicable using a sensible risk management approach.
- 1.4 The Trust and its schools are committed to the prevention of accidents and ill health.
- 1.5 The Trust and its schools will work towards continual health and safety improvement.
- 1.6 To achieve these objectives, we will:
 - Conduct all our activities safely and in compliance with legislation and where possible, best practice
 - Provide safe working conditions and safe equipment
 - Ensure a systematic approach to identify risks is developed and implemented and sufficient resources are allocated to control them
 - Provide suitable information, instruction, training and supervision
 - Promote a positive health and safety culture that is demonstrated by open communication and a shared commitment to the importance of health, safety and welfare
 - Promote the principles of sensible risk management
 - Monitor, review and modify this policy and any arrangements as required.
- 1.7 All employees have a responsibility to take reasonable care of themselves and others and to co-operate with their employer to ensure statutory duties and obligations are fulfilled.

2.0 Local Organisation – Roles and Responsibilities

Discovery Schools Academies Trust

- 2.1 Braunstone Community Primary School is a school whereby the trust has overall responsibility as the employer to ensure compliance with health and safety legislation and to ensure the health, safety and welfare employees, pupils, visitors and contractors and the self-employed.
- 2.2 The Trust is responsible for:
- determining the school's health and safety policy and its implementation
 - establishing clear lines of accountability for health and safety
 - periodically assessing the effectiveness of the policy and ensure that any necessary changes are made
 - identifying and evaluating risks relating to possible accidents and incidents connected with the school.
 - providing access to competent health and safety advice

Governance

- 2.3 Without limiting the responsibility of the trust, governance will ensure that health and safety issues are discussed at group meetings and policy is adopted at local level.

| Tier | Responsibility |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Board of Trustees | <ul style="list-style-type: none">▪ Approving the health and safety policy and monitoring compliance and its effectiveness through key performance indicators▪ Ensuring that adequate resources are available to discharge the Trust's health and safety commitments. |
| Cluster Board | <ul style="list-style-type: none">▪ Ensuring compliance across the Trust with health and safety policy by reviewing that audits have been completed and actions resulting from audits are addressed.▪ Considering overall health and safety trends and issues likely to affect the Cluster. |
| Advisory Board | <ul style="list-style-type: none">▪ Policy adoption to reflect local arrangements |

Head Teacher

- 2.4 Without limiting the responsibility of the trust, the Head Teacher will oversee the day-to-day management of safety and implementation of this policy within the school.
- 2.5 The Head Teacher will comply with the health and safety policy and in particular will:
- make themselves familiar with any documentation and/or instruction referring to the health and safety arrangements for staff, building maintenance or operation of the School and maintain an up to date system of policies, procedures and risk assessments
 - work with the executive team, trade unions and employee health and safety representatives and ensure that all employees are aware of and accountable for their specific health and safety responsibilities and duties
 - allocate sufficient funds for health and safety

- in the event of any hazard or risk to health and safety of any persons under their control, take appropriate action to control the hazard/risk and inform the executive team of such hazards or risks in a timely manner
- ensure the health and safety policy, procedures, action plan and risk management programme is implemented as an integral part of business, operational planning and service delivery
- liaise with the executive team to undertake monitoring and ensure the provision of adequate resources to achieve compliance
- ensure that trust procedures for the selection and monitoring of contractors are in place
- with support of the executive team, take appropriate action under the trust's disciplinary procedures against anyone under their control found not complying with health and safety policies and/or procedures
- liaise with the executive team to access competent health and safety advice

2.6 In addition to their statutory duties, Head Teachers and teachers have a common law duty of care for pupils which stems from their position in law "in loco parentis".

Senior Leadership Team

2.7 The leadership team at the school will undertake general responsibility to ensure that all necessary health and safety activities, requirements and standards are undertaken and met within their respective areas of control. This will be done under the direction of the Head Teacher and executive team. Any member of staff with supervisory responsibilities will:-

- make themselves familiar with and conform to this policy, including any instructions and requirements for safe methods of work
- identify new and existing hazards, initiate risk assessments, record the significant findings, implement any necessary control measures and review these to ensure that they remain relevant in consultation with the executive team
- check and document that the working environment is safe; equipment, products and materials are used safely; that health and safety procedures are effective and complied with and that any necessary remedial action is taken
- inform, instruct, train, supervise and communicate with employees and provide them with equipment, materials and clothing as is necessary to enable them to work safely;
- work with the executive team to complete a health and safety induction checklist for all new employees at the commencement of their employment
- report all accidents, incidents and near miss events, undertake an investigation into the cause and take appropriate remedial action to prevent recurrence
- be responsible for aspects of health and safety included in their job description
- organise risk assessments where significant risks are identified and ensure as far as is reasonably practicable the implementation of any control measures
- ensure that all statutory registers and records are adequately kept
- ensure the reporting and investigation of all accidents
- ensure all persons under their control are aware of the reporting procedure

Office Managers and Premises Officers working with the Executive Team

In addition to the responsibilities above Office Managers and Premises Officers have specific duties:

- to maintain an understanding of the Health and Safety Policy arrangements and their responsibilities detailed within them.

- to maintain an awareness of the relevant premises related health and safety legislation, issues and procedures
- to work with the executive team to control contractors working on the premises and ensure that hazard information has been exchanged and suitable risk control measures implemented
- ensuring adequate security arrangements are maintained
- ensuring the general cleanliness of the premises and that adequate welfare facilities are maintained
- In consultation with the executive team, arrange for regular inspection of the areas of the premises for which they are responsible; that workplace health and safety standards are in effective working order and that a safe means of access and egress is maintained.
- ensuring that adequate fire safety arrangements and emergency procedures are implemented and maintained
- Ensuring that plant and equipment is adequately maintained
- Arranging for the regular testing and maintenance of electrical equipment
- Maintaining suitable records of plant and equipment maintenance and tests
- Ensure fire risks are formally assessed and adequate fire safety arrangements are provided, maintained, monitored and recorded including; fire risk assessments fire evacuation drills, fire officer inspections and the maintenance of fire extinguisher/blankets, emergency lighting, fire alarm (including detectors and sensors) and any other fire safety equipment devices,
- Report issues and areas of concern to the executive team,
- Ensuring first aid requirements for the premises are formally assessed and adequate provision is provided, maintained and monitored
- Ensuring that all premise related hazards are adequately identified, assessed and suitable and sufficient control measures implemented and monitored
- Ensuring the adequate provision of health and safety notices and warning signs are prominently displayed and comply with the Health and Safety (Safety Signs and Signals) Regulations 1996
- Maintaining a health and safety file on the premises in relation to any construction work covered by the Construction (Design and Maintenance) Regulations 2015 and make this available to contractors upon request
- Ensuring that adequate systems are in place for the management of asbestos through the 'Local Asbestos Management Plan' and control of legionella and excessive hot water temperatures
- To respond promptly to a notification of a defect that could affect the health and safety of building occupants/visitors

All Staff

2.8 All employees, agency and peripatetic workers and contractors must comply with the health and safety policy and associated arrangements, in addition to any specific responsibilities which may be delegated to them. All staff are required to:

- take reasonable care for their own health and safety at work and of those who may be affected by their actions or by their omissions
- cooperate with their line manager and senior management to work safely
- comply with health and safety instructions and information and undertake appropriate health and safety training as required
- not intentionally or recklessly interfere with or misuse anything provided in the interests of health, safety and welfare
- report to their manager any health and safety concerns, hazardous condition or defect in the health and safety arrangements

- support the School in embedding a positive safety culture that extends to pupils and any visitors to the site
- carry out Flick training as required

Pupils

2.9 All pupils are expected to behave in a manner that reflects the school's behaviour policy and in particular are expected to:-

- take reasonable care for their own health and safety and of their peers, teachers, support staff and any other person that may be at the school
- cooperate with teaching and support staff and follow all health and safety instructions given
- not intentionally or recklessly interfere with or misuse anything provided in the interests of health, safety and welfare
- report to a teacher or other member of the school staff any health and safety concerns that they may have

Lettings

2.10 The Trust has a lettings policy which the school adopts. The policy covers procedures for fire evacuation and security arrangements and the requirements relating to accident, assault and near miss reporting requirements and the provision of first aid.

Persons/organisations letting the site must agree to:

- co-operate and co-ordinate with the school on health and safety matters
- agree to the terms of the lettings policy in relation to health and safety arrangements
- provide information relating to any additional risks or procedures which will be new or unusual to those of the school that may arise from their activities

The school will ensure that:

- the premises are in a safe condition for the purpose of use
- the health and safety arrangements detailed in the lettings policy are fully explained and communicated to all individuals or groups letting a space/area of the school premises
- adequate arrangements for emergency evacuation are in place and communicated

3.0 Organisational Arrangements for Health And Safety

3.1 The following arrangements will be adopted to ensure the Trust and the Head Teacher fulfil their responsibilities and provide the foundation for securing the health and safety of employees and all users of the site

Setting health and safety objectives

3.2 The Executive Team and personnel designated responsibility by the Head Teacher will specifically review progress of health and safety objectives on a termly arrangement. Where necessary health and safety improvements will be identified and included within the school action plan.

Provision of effective health and safety training

3.3 The Trust and the Head teacher will consider health and safety training on an annual basis in line with the school's health and safety training matrix, focussing on mandatory training as a priority.

Provision of an effective joint consultative process

3.4 The executive team and the school will meet at least once per term to review health and safety processes and procedures to create a clear action plan, with identified responsibilities and target dates.

Establishing adequate health and safety communication channels

3.5 Communication channels will be established for the exchange of health and safety knowledge and information. Where necessary, these communications will be recorded and include:

- senior leadership team meetings and staff meetings
- site health and safety committee
- provision of information relating to safe systems of work and risk assessments
- training provided
- communications with relevant specialist advisors and bodies

3.6 Where health and safety issues cannot be resolved at local level, they will be escalated through the management structure as appropriate.

Financial resources

3.7 The Head teacher will review the school budget with the group finance officer to determine, in the light of past performance, if adequate resources are being deployed to ensure adequate health and safety management and control.

Specialist advice/support

3.8 The Trust will ensure that access to competent technical advice on health and safety matters is procured to support compliance with statutory duties and meeting health and safety objectives; the trust will do this by;

- Accessing the services of a competent Health and Safety Advisor through Leicestershire County Council Health, Safety and Wellbeing Service

4.0 Organisation - Other Arrangements

Accident and assaults

- 4.1 All accidents, assaults and near miss incidents will be reported in the accident book or agreed reporting form within 24 hours of occurrence; RIDDOR reportable incidents, as per the HSE's Information Sheet (EDIS1), will be reported to the HSE within the required timescales.
- 4.2 All incidents will be investigated in an attempt to identify the root cause: relevant local policies, procedures and risk assessments will be reviewed and revised as required. All premises related issues will be addressed in a timely manner. Any relevant learning from investigations will be communicated to relevant staff, pupils etc.
- 4.3 Accident, assaults and near miss incidents will be monitored at least termly as part of the site health and safety committee; identification of significant trends or major incidents will be reviewed by the senior leadership team as required with information communicated to the governing body.
- 4.4 Accident records will be retained for the following periods; Pupil's records will be retained for a period of Date of Birth + 25 years, employee records will be retained from the date of incident + 7 years and forms relating to work related ill health is current year + 10 years or longer (40 years where there has been potential exposure to asbestos; where radiation is the cause retention is last action + 50 years).

Audit

- 4.5 The school health and safety management will be audited annually by the executive team and by a competent Health and Safety Advisor through Leicestershire County Council Health, Safety and Wellbeing Service every two years. The trust reviews this process as a positive assessment of our health and safety management system and takes appropriate action to continually improve health and safety across the wider trust organisation.

Contractor management

- 4.6 The trust complies with the HSE's approved code of practice Construction (Design and Management) Regulations 2015' (L153) relating to the management and control of contractors. The executive team working with the school will ensure that:
 - roles of client, principal designer, designer, principal contractor, contractor are understood and formally allocated
 - competent contractors are used
 - clear specifications of works are drawn up by a competent person to include phases of the work, duration, separation of building and school site, delivery times and locations, tapping into utilities, site security, fire and emergency coordination, fire escape routes, accident reporting etc.
 - pre start meetings take place to discuss how works will be managed, responsibilities, codes of conduct and to assess new hazards that may be introduced to the site; including child safeguarding and induction
 - key contacts are identified
 - regular update meetings take place throughout any works/projects
 - works are visually monitored and any concerns immediately reported
 - works are signed off and any associated certification and documentation is obtained

- all staff/ pupils and other users of site remain in a safe environment for the duration of the works.
- all contractors are given access to the asbestos register
- all contractors to complete a contractor site induction sheet before work can proceed

Control of hazardous substances

4.7 The trust complies with the HSE's approved code of practice Control of Substances Hazardous to Health (L5) relating to the management and control of hazardous substances on site. The executive team working with the school will ensure:

- an inventory of all hazardous substances on site is kept and updated regularly
- wherever possible non-hazardous substances are used and if this is not possible the least harmful substance is used
- a COSHH risk assessment will be completed for all hazardous substances used and shared with relevant staff
- wherever possible exposure to hazardous substances is prevented, where exposure cannot be prevented, a risk assessment will be carried out and controls measures implemented
- where identified as part of the risk assessment, appropriate PPE will be provided to staff
- any requirement for exposure monitoring or health surveillance will be carried out
- sufficient information, instruction and training is given to staff to ensure full understanding of the hazards to health posed by substances in the workplace and the importance of control measures provided
- training records are maintained for those who receive training
- information will also be given to others who may be affected, such as contractors, temporary staff and visitors
- only substances purchased through the schools procurement systems can be used on site
- substances are stored correctly and those that are no longer used are disposed of as per the substances safety data sheet
- COSHH risk assessments are monitored quarterly and reviewed annually

Dealing with health and safety emergencies - procedures and contacts

4.8 As per legal requirements all dangerous occurrences and near miss incidents that are RIDDOR reportable incidents, will be reported to the HSE within the required timescale.

4.9 All incidents will be investigated in an attempt to identify the root cause: relevant local policies, procedures and risk assessments will be reviewed and revised as required. All premises related issues will be addressed in a timely manner. Any relevant learning from investigations will be communicated to relevant staff, pupils etc.

4.10 Local arrangements- fatalities, missing pupils, bomb threats and other emergencies that would not be covered by the fire and emergency evacuation plan. The school has a Business Continuity Management Plan which deals with emergencies not covered by the fire and emergency invacuation/evacuation plans. This was reviewed by Dee Beesley (Business Manager) and Jatinder Mahil (headteacher) in January 2018.

4.11 Fatalities: In the case of a fatality the emergency service will be called without delay. The area will be cleared of all other persons and the area preserved to enable the emergency service to conduct

investigations. In the case of a fatality it must be reported straight away through Health and Safety as this is reportable under RIDDOR. The fatality will be dealt with by the relevant emergency service and also by the Health and Safety Executive.

- 4.12 Missing pupils: The office are informed when there is a missing pupil. If the pupil is still missing we will track their last known movements. There is then radio contact made amongst staff who will then commence a search of the building and grounds. The parent of the missing pupil is contacted. If this occurs at the end of the school day the parent will be asked if the child was given permission to walk home. If after further investigation a child is still missing, this will be reported without delay to the emergency services.
- 4.13 Within this it details the arrangements for Incident Management, Business Continuity and Recovery and Resumption of normal school activity. For a bomb threat please refer to the Business Continuity Management Plan, appendix J. This appendix is a prompt card for dealing with a phone call from someone who claims to have information about a bomb. The procedure is to take the call using the prompt sheet, phone the police using 999 and then phone the Trust Central office.

Defect reporting

- 4.14 The school has a defect reporting procedure whereby any damage or defect to the premises, equipment or furnishings is reported. Defective equipment is isolated and labelled as defective to prevent use until replaced or repaired. Where premises defects are identified a dynamic assessment is carried out to decide whether an area should be isolated or cordoned off whilst awaiting repair.

Display screen equipment (DSE)

- 4.15 The school acknowledges that staff who use DSE should have suitable equipment to undertake the tasks that they are required to carry out, knows how to safely use the equipment and have a DSE assessment which is reviewed at suitable intervals. At that end the school ensures that:
- all static workstations used by staff meet the minimum standards required
 - equipment is maintained in good working condition
 - staff are aware of best practice in using DSE and issued with relevant information the Flick online training provision.
 - staff whose roles require significant use of DSE are prioritised for individual assessment
 - assessments are reviewed at least bi-annually, earlier if there are significant changes to equipment/layout individual health.
 - a trained DSE assessor can be accessed through the Leicestershire Traded Service (LTD).

Driving

- 4.16 All staff that drive their own cars for work purposes must have a full UK driving licence, business insurance and maintain their vehicle in a road worthy condition. Annual licence and insurance checks are undertaken and documented.
- 4.17 Local arrangements for minibus use (13-seater bus)- no driver medical examination has been requested by Leicester City Council. This has been checked by Dee Beesley and Steve Wardle- 24.9.18. Licence requirements- they are updated and signed annually by the drivers, this is checked by the Business Manager and a copy is kept in the minibus file, which is kept in the office. This includes a signed declaration for licence checks, vehicle registration documents, MOT documents, S19 checks every 3 months- carried out by Leicester City Council garage, any maintenance logs and

insurance documents. The minibus was part of the Leicestershire County Council Health and Safety Audit.

- 4.18 Authorised drivers- Steve Wardle, Dee Beesley, Bev Mitchinson, Kathryn Ward.
- 4.19 Name of responsible person for undertaking checks on the minibus- the driver.
- 4.20 Pupil Supervision arrangements- Risk Assessment is needed- Leicester City Council. The driver is responsible for pupil supervision, alongside at least one other adult at all times. 13-seater bus.

Electrical systems and equipment

- 4.21 The trust ensure that schools maintain and service electrical systems and equipment in line with statutory guidance and best practice. Electrical systems (hard wiring) is periodically inspected every 5 years by a competent contractor and records maintained; any remedial works recommended are acted upon in a timely manner.
- 4.22 Portable electric appliances have a portable appliance test (PAT) carried out, in line with HSE guidance '*Maintaining portable electrical equipment in low-risk environments*' (INDG236), by a competent contractor with records maintained. The Premises Officer is qualified to undertake PAT testing.
- 4.23 Formal termly workplace inspections are undertaken whereby all equipment is visually inspected. Staff are instructed to undertake a visual inspection of equipment prior to use and not to use any equipment that appears damaged or defective. The school's defect reporting procedure is followed as required.

Fire safety

- 4.24 The trust is committed to providing a safe environment for both staff and pupils and by working with the executive team, the school manages the risk of fire by ensuring:
- a comprehensive fire risk assessment is in place, reviewed annually and any actions/improvements identified are progressed given consideration to risk and cost
 - a detailed fire and emergency evacuation plan has been developed that clearly details actions to be taken when a fire is identified or suspected, individual responsibilities and arrangements for safe evacuation, this will include the development of a Personal Emergency Evacuation Plan (PEEP) for any person requiring assistance in an evacuation.
 - statutory inspections are carried out on all fire related systems and equipment either by competent contractors or in house by trained staff
 - all staff receive fire awareness training via the Flick online training portal that is regularly updated and fire marshals receive role specific instructions
 - a fire drill is undertaken at least termly to practice evacuation arrangements and to ensure that the evacuation procedure is carried out successfully and as expected.
 - A fire log book is kept and maintained

First-aid and supporting pupils' medical conditions

- 4.25 Adequate first aid arrangements are assessed, maintained and monitored at the school and for all activities that the school leads. The school ensures that:

- the number of first aiders and appointed persons meets recommendations and adequate cover is available to cover for annual leave and unexpected absences
- all first aiders and appointed persons hold a valid certificate of competence, the school maintains a register of all qualified staff and will arrange re-training as necessary
- first aid notices are clearly displayed
- sufficient numbers of suitably stocked first aid boxes are available and checked periodically to ensure they are adequately stocked
- a suitable area is available for the provision of first aid
- staff are regularly informed of first aid arrangements, through induction, teacher training days and the staff handbook which is issued annually
- where first aid has been administered this is recorded in the first aid treatment book
- correct reporting procedures are followed including those required under RIDDOR regulations
- individual risk assessments have been carried out which consider first aid provision for lone workers and employees who travel in works vehicles that carry passengers.
- information, instruction and training will be provided to staff on any specific medical conditions of pupils and the procedures to follow in case of an emergency
- children with medical conditions will be cared for in line with policy
- medication shall be kept securely in line with the policy

Glass & Glazing

- 4.26 The school will comply with the Workplace (Health, Safety and Welfare) Regulations 1992 and the Approved Code of Practice L24 as it relates to glass and glazing
- 4.27 The school will survey its glass surfaces in doors, windows and door side panels for the presence of safety glass and where appropriate will make remedial actions to install safety glass or film and have it suitably marked to that effect

Grounds - Safety/Security

Safety

- 4.28 The school will ensure that there is safe access and egress from the buildings and grounds including balancing the need for security with the need for emergency escape and ensure that there is a regime for maintaining the grounds, perimeter demarcation (where owned) and equipment e.g. outdoor play equipment
- 4.29 Local arrangements for site security- we have cameras in the main reception area. The footage is stored for one month on an internal server and then erases itself automatically. All doors are secured by a magnetic lock system and staff have access cards for these.
- 4.30 Arrangements for visitors- all visitors sign in on an electronic system which includes specific health and safety information and are handed a sheet to read. They are also handed a Safeguarding leaflet and details of the Safeguarding team. DBS certificates are checked where applicable. For those without a DBS, they are supervised on site at all times.
- 4.31 Identifying staff who are at greater risk of injury- e.g. pregnancy, wheel chair users, other injuries and/or mobility issues- individual risk assessments and/or PEEP is completed. Training is given where needed.

Housekeeping – storage, cleaning & waste disposal

- 4.32 The school will ensure that there is suitable and sufficient storage including systems for ensuring that items are included on an inventory and checked periodically where necessary for safety.
- 4.33 The school will ensure that there are systems in place for cleanliness, to minimise the accumulation of rubbish, for the removal and disposal of controlled waste and for the cleaning of spills/ wet floors to minimise the risk of slips. The school will ensure that there are suitable and sufficient external waste bins secured from the risks of arson and tampering.
- 4.34 Where applicable and to accommodate the requirements of environmental legislation the school will arrange for suitable disposal/recycling of relevant items e.g. fluorescent lighting and waste electrical appliances.
- 4.35 Suitable arrangements will be made for the clearing of snow as part of winter preparedness.

Jewellery

- 4.36 Where children have to wear jewellery for religious purposes or they cannot physically take them out/off, the children themselves tape the jewellery to make it safe. However, it is specified by the PE policy that where possible no jewellery is worn during PE.
- 4.37 Where staff wear jewellery, they need to ensure that it is safe to do so for the activity that they are doing. It is their responsibility to keep themselves safe at all times. Staff will be advised, if it is felt that any jewellery that they are wearing is unsafe and puts themselves and/or others at risk of injury.

Lone working

- 4.38 The school will ensure through risk assessment that all staff who work alone are given suitable instruction on lone working procedures including communications, emergency procedures and any restrictions during lone working e.g. work at height.

Management of asbestos

- 4.39 The school complies with the HSE's approved code of practice *'Managing and working with asbestos, Control of Asbestos Regulations 2012, Approved Code of Practice & Guidance (L143) and is committed to preventing exposure to asbestos fibres to all persons that enter onto its premises. To this end the school has a whole site asbestos 'management survey' (previously known as Type 2 survey) from which a local asbestos management plan (Lamp) has been developed. The Lamp along with the asbestos register will be kept up to date.*
- 4.40 A minimum six monthly visual inspections of all identified asbestos containing materials (ACMs) that are not encapsulated or in restricted access areas are undertaken and documented; where necessary more frequent checks of ACMs will be undertaken. Any concern relating to known or suspected ACMs are addressed as per the procedures detailed in the school's Lamp.
- 4.41 Prior to any works that will or has the potential to alter the fabric of the building; a 'refurbishment and demolition survey' (previously known as a Type 3 survey) will be procured in order to undertake a comprehensive assessment of the materials being disturbed prior to any works commencing. Where necessary works that are likely to disturb asbestos will be planned so as to avoid disturbance

(re-routed) or the asbestos will be removed by competent licensed contractors prior to building works commencing.

Moving and handling

4.42 The school complies with the HSE's approved code of practice '*Manual Handling. Manual Handling Operations Regulations 1992 (as amended). Guidance on Regulations (L23)*).

4.43 At local level the school will understand there are a variety of moving and handling tasks that may be necessary; this could range from moving files to assisting an individual with mobility issues. The school manages the risk associated with moving and handling tasks by ensuring that:

- moving and handling is avoided whenever possible
- if it cannot be avoided, moving and handling is properly planned, has a relevant risk assessment, is carried out by competent staff and carried out in a manner which is, so far as is reasonably practicable, safe
- those undertaking specific moving and handling tasks have received appropriate training through the Flick online training portal and training records are maintained
- any equipment provided to assist with moving and handling tasks is maintained and serviced in accordance with statutory requirements
- any defective equipment is taken out of use until repaired or is replaced
- an individual risk assessment will be completed for all new or expectant mothers and staff with identified medical conditions that may be affected by undertaking moving and handling tasks, these may result in some moving and handling task being restricted
- any accidents resulting from manual handling operations will be investigated to identify root causes and implement additional controls as required

Noise

4.44 The school will make arrangements for the assessment of risk, protection and other control measures where the noise levels reach the action values as detailed within the Control of Noise at Work Regulations 2005

Occupational health services and work-related stress

4.45 The trust acknowledges that there are many factors both work related and personal that may contribute to staff being absent from work through injury and ill health including stress.

4.46 The trust ensures that an up to date wellbeing policy is disseminated to all employees on an annual arrangement which is further supported by wellbeing action plans adopted at local level.

4.47 The trust will follow the principles of the HSE guidance '*Managing the causes of work-related stress' (HS(G) 218)*. The following arrangements are in place to locally manage staff health issues:

- employees are advised that it is their responsibility to inform their line manager, the Head Teacher or another member of the senior leadership team of any ill health issues
- an appropriate member of staff will meet and discuss the ill health issues with the employee and consider what actions could be taken to support the staff member and where appropriate assist in reducing stress levels
- the member of staff will be offered a referral to an occupational health professional for advice and support, e.g. counselling, etc.
- the member of staff will be advised that support can also be provided through their trade union

- a series of regular review meetings will be scheduled to monitor ill health and stress levels where they have been identified
- if it is identified that there is a high occurrence of staff ill health or stress within the trust, the executive team will actively seek support to undertake a holistic assessment to identify what the possible root cause may be and implement a plan to improve the situation.

Off-site visits including school-led adventure activities

4.48 The trust adopts the National Guidance for the Management of Off-site visits and LOtC activities

4.49 The trust uses Evolve to support schools in the management of both on and off site visits, including school-led adventurous activities.

Risk assessment

4.50 Risk assessments are undertaken for tasks/activities where significant hazards have been identified or where there is a foreseeable risk of injury/ill health.

4.51 Within the trust, various persons are tasked with the development of risk assessments based on their knowledge, experience and competence. Relevant staff will develop the risk assessments prior to consultation with all staff to which they are relevant prior to sign off. Risk assessments are accessible to staff at all times electronically via Own cloud storage and as hard copy in the school staffroom

4.52 New and expectant mothers risk assessments will be conducted in line with HSE Guidance.

4.53 Young person's risk assessments will be carried out for staff working on site falling within this age range, as applicable.

Smoking

4.54 The trust complies with UK law on smoking in both indoor and external spaces. The school has a no smoking policy which extends to the limits of the curtilage of the site. The policy extends to the used of substitute inhalers and all types of vaping devices including e-cigarettes. The school has signage on site and will ensure that persons seen smoking onsite are instructed not to do so.

Statutory Inspections

4.55 The trust ensures that statutory inspections are undertaken in schools at required intervals for all plant and equipment required. A table detailing required inspections, date of last inspection, date of next inspection and who is undertaking the inspection has been developed which is implemented by the Site Manager / Premises Officer and monitored by the executive team.

Swimming Pool Operating Procedures (where applicable)

4.56 N/A

Preventing workplace harassment and violence

4.57 The trust is committed to providing a safe and secure working and educational environment for staff, pupils and any other persons on its site. Where applicable, in addition to the control measures identified in the site specific lone working risk assessment, the following procedures are in place:

- Staff are advised to:
 - avoid confrontation if possible
 - withdraw from a situation or escalating situation

- arrange seating so that a clear escape route from the room to a place of safety is available. Sit near the door, or use a room with two doors
 - contact emergency services, as appropriate.
 - inform the Head Teacher or a member of the senior management team if confrontation has taken place
- The school will:
 - ensure the Head teacher or member of the senior leadership team to attend the site of an incident on being informed of an incident, if considered necessary
 - have in place procedures for the reporting of incidents
 - offer counselling/ support through Occupational Health
 - debrief individuals following any incident
 - provide training on how to manage conflict and aggression as required
 - review the appropriate risk assessments following any incident.

Vehicles on Site

4.58 The school car park is used strictly for the parking of employee vehicles. The school adheres to restrictions on vehicle movement at certain times of the day to maintain safety of staff and visitors. Deliveries are managed by site staff.

Water hygiene management

4.59 The trust complies with the HSE approved code of practice '*Legionnaires' disease - The control of legionella bacteria in water systems' (L8)* and ensure the school will:

- employ an external person with relevant knowledge and competence to obtain initial advice on any necessary actions
- employ a competent external contractor to provide a suitable survey/risk assessment; with the risk assessment being reviewed at least every two years or whenever there is reason to suspect it is no longer valid
- Address any remedial actions identified by the survey including dead leg removal or drain down
- employ a competent external contractor to undertake water sampling and routine cleaning, maintenance and disinfection of water systems and thermostatic mixing valves (TMV's) as applicable
- ensure regular flushing of little used outlets is completed by a competent individual on a weekly basis
- employ a competent person to undertake monthly monitoring of water systems including temperature readings

Working at height

4.60 The trust will follow the principles of the HSE guidance '*The Work at Height Regulations 2005 (as amended) A brief guide' (INDG401)* and will ensure the school uses a variety of access equipment for working at height tasks including ladders, step ladders and kick stools. The school will ensure that:

- work at height is avoided whenever possible
- if it cannot be avoided, work at height is properly planned, has a relevant risk assessment, is carried out by competent staff and carried out in a manner which is, so far as is reasonably practicable, safe

- those undertaking work at height have received appropriate training and training records are maintained
- all access equipment (ladders, step ladders, tower scaffolds etc.) is identifiable and inspected as required
- any equipment provided to assist with working at height tasks is maintained and serviced in accordance with statutory requirements
- any defective equipment is taken out of use until repaired or is replaced
- an individual risk assessment will be completed for all new or expectant mothers and staff with identified medical conditions that may be affected by undertaking working at height tasks, these may result in some working at height tasks being restricted
- any accidents resulting from working at height will be investigated to identify root causes and implement additional controls as required

Workplace inspections

4.61 The trust recognises the importance of undertaking regular formal workplace inspections to ensure that the premises remain a safe working and educational environment for staff and pupils. A formal termly workplace inspection is undertaken with the school with findings documented and any actions allocated with remedial actions. The termly inspection findings are reviewed with the executive team. It is recognised that termly inspections alone will not keep premises safe and there is an expectation that staff will report any defects/damage to premises and equipment as per the school's defect reporting procedure.

Monitoring and review

4.62 This Health and Safety Policy together with the associated procedures and health and safety performance, will be reviewed by the Trust, the executive team and the school on a regular basis (every two years as a minimum), or as required.

4.63 In order to substantiate that health and safety standards are actually being achieved, the trust will measure performance against pre-determined plans and objectives. Any areas where the standards are not being met will require remedial action by the school.

4.64 The trust will use several types of systems to measure health and safety performance:

Active monitoring systems

- Oversee that spot checks and termly site inspections are undertaken by the school
- documents relating to the promotion of the health and safety culture will be regularly examined and reviewed
- appropriate statutory inspections on premises, plant and equipment will be undertaken
- where necessary, health surveillance and environmental monitoring systems will be implemented to check the effectiveness of health control methods and to detect early signs of harm to health.

Reactive monitoring systems

- identifying where health and safety standards are not being met, by monitoring for failures in the systems - such as accidents, cases of ill health (work-related sickness), damage to property, etc

Reporting and response systems

- ensuring that monitoring information is received, having regard to situations which create an immediate risk to health or safety, as well as longer-term trends and ensuring remedial action is taken
- schools will receive and consider reports on health and safety performance

Investigation systems

- investigations will be implemented for incidents proportionate to the severity of the incident. The investigation will incorporate systems to identify both the immediate and the underlying causes of events
- analysing data to identify common features or trends and initiate improvements
- where cases of occupational ill-health are to be investigated
- where complaints relating to occupational health and safety are to be recorded and investigated
- where accidents/incidents and assaults with the potential to cause injury, ill-health or loss are to be reported, recorded and appropriately investigated

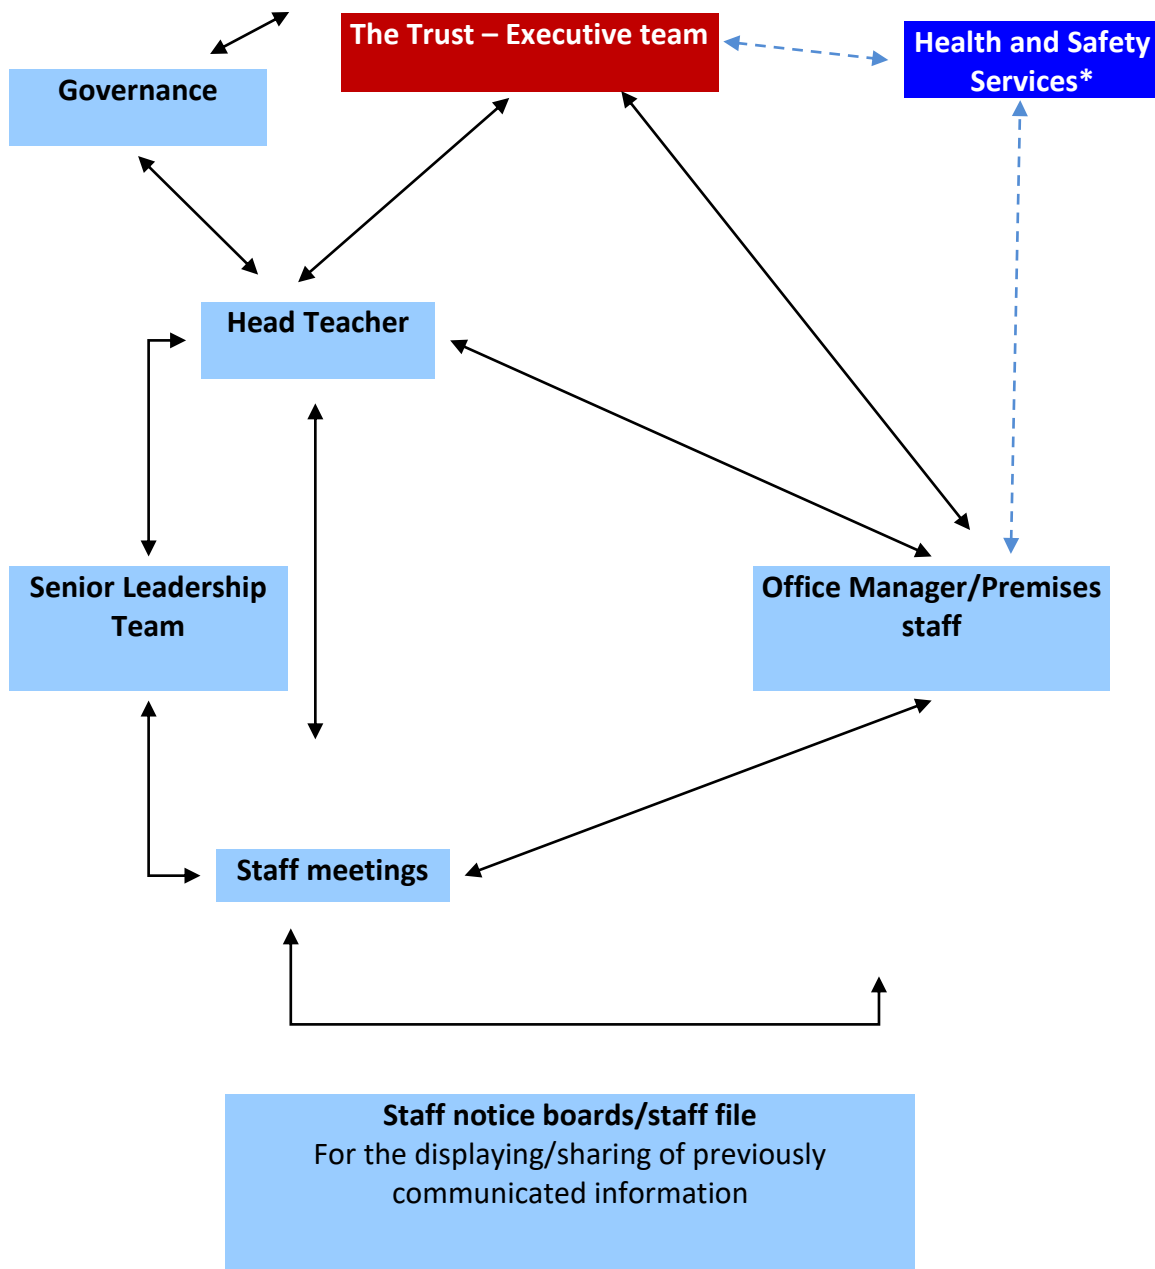

Third Party Monitoring/ Inspection

- The school will be subject to third party inspection and monitoring, as part of Ofsted requirements. Actions arising from third party audit/inspection will be incorporated within the school action plan with appropriate target dates for completion and monitored for close off by the executive team.

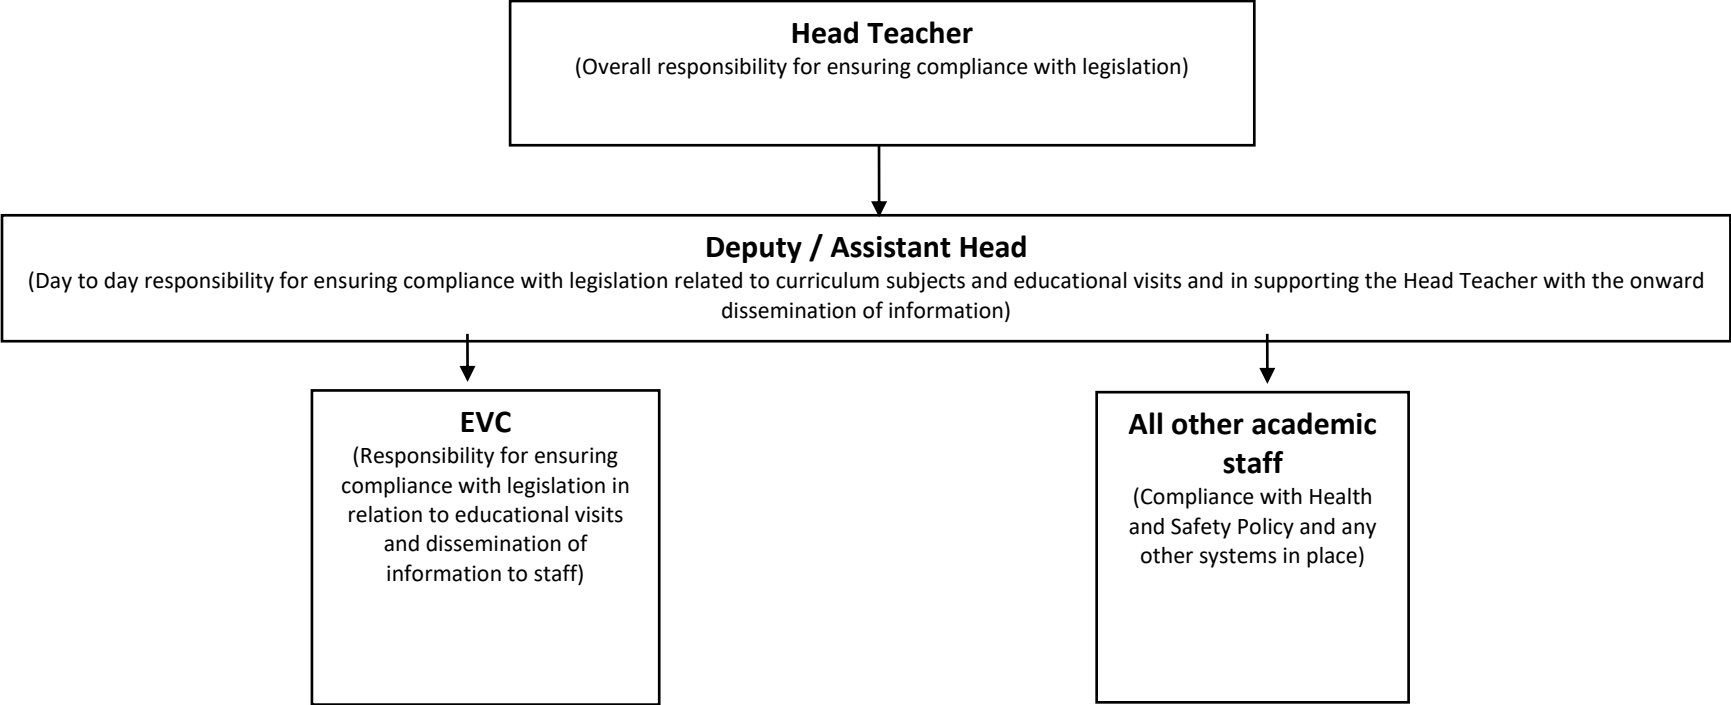

5.0 Policy Review

This Policy will be reviewed every 3 years or wherever a significant change to either legislation or procedures occurs which is liable to affect the health and safety of employees, pupils, contractors, or visitors to the Trust's premises. Comment on the policy is welcomed and should be forwarded to the Director of Operations.
